

CLEANING TIPS FOR YOUR HOME

It is important to clean your home on a regular basis. This helps prevent pests from entering your home and minimizes health hazards.

GARBAGE: All garbage must be bagged and removed from the apartment to be placed in the bins provided outside your building. No furniture or large items are allowed to be placed in the bins.

WINDOWS/MIRRORS: All windows and mirrors must be cleaned. This includes windowsills and around windows themselves and window tracks. Use glass cleaner with paper towel to clean windows and mirrors.

FLOORS: All vinyl-lino-tile floors must be swept and washed including space under fridge and stove. Use a tooth brush to clean along baseboards and wipe down the baseboards as well. Use a mop or hand wash the floor with clean water and soap. Vacuum all carpets ensuring to vacuum along the edges and in closet tracks and along baseboards.

STOVE/FRIDGE: Pull out the stove/fridge and clean the back, sides and front. Remove all pieces from the fridge and stove such as racks, burners, shelves and crispers and clean them in the sink as well wipe the appliance inside thoroughly with hot soapy water. Don't forget to wash the floor under the appliances.

KITCHEN: Clean the cupboards & drawers, inside and out. The top of counters as well on top of the cabinets must be cleaned as well as the sink. Wash down all surfaces using cloths, scrubbers, along with soap and hot water.

WALLS/DOORS/SURFACES: All baseboards, doors, doorknobs, heater ledges must be dusted and cleaned. All walls are to be washed down and marks removed.

CLOSETS: All shelves in any closet are to be dusted and wiped down including doors, frames, tracks and baseboards inside the closets.

BATHROOMS: Wipe down all surfaces. Use toilet cleaner and toilet scrubber to clean inside the **toilet bowl only**. Use an old toothbrush to get behind the hard to reach places for scrubbing (like around taps and drains etc.). Sink, counter, bathtub, shower, tiles all need a thorough cleaner with a product like Scrubbing Bubbles or CLR to ensure all soap and residue is removed.

LIGHT FIXTURES: All light fixtures need to be removed and washed and then put back up. Bulbs that are burnt out need to be replaced as you will be charged per bulb.
